VOL. VII. NO. 1

DECATUR, ILL., FRIDAY MORNING, SEP. 5, 1884

An Open Letter

To Buyers of Ready Made Clothing!

It is a fact that the papers are teeming with *windy*, meaningless advertisements, setting forth (in glaring letters) for facts—that which show on their faces ABSOLUTE FALSEITY. When unscrupulous dealers advertise to sell something for nothing, they are merely baiting to catch suckers.

The modest and unpretentious WHITE FRONT has studiously avoided all misrepresentation in advertising. And when we say, as we do now, that we have in stock the Most Desirable and Best Styles, the Most Perfect Fitting Garments, and withal the BEST MADE and Best Trimmed

CLOTHING FOR MEN, YOUTHS, BOYS AND CHILDREN,

we are not exaggerating.

Lovers of artistic character in Dress cannot, in justice to themselves, purchase until they have visited

THE WHITE FRONT,

and examined our Superb Selections.

Our Medium and Low Priced Goods are cut and made with the same care as our Best Goods. In fact, when we place one of our Suits on an old man, a middle aged man, a young man, boy or child, it adds a certain dignity to the wearer, that is so perceptible as to cause the looker on to involuntarily exclaim

How Elegant! How Perfect, etc.

A word as to prices and we are done. Rivals concede the superiority of our selections, but tell you the prices are very high. DO NOT BE DECEIVED! We Guarantee

Our Prices as Low as the Lowest!

And will give you First Class Goods, instead of Seconds. We do not expect to please everybody, but we do think that we can convince every reasonable customer that our goods have Merit, Character, Fit, Style—and last but least, they are cheaper at our Price than "TRASH" at ANY PRICE

Extending a cordial invitation to all lovers of honest goods to visit the WHITE FRONT, we can assure you courteous and gentlemanly treatment, and would be pleased to serve you. Open for business every day and night except Sunday. No business transactions on Sunday.

Yours, Hopefully,

JOHN IRWIN, Manager.

SWEEPING ITALY.

Over One Hundred and Fifty Deaths from Cholera Reported in Italy Wednesday.

The Movements of the French Fleet in Chinese Waters Shrouded in Mystery.

Adventurous American Rum-Sellers Arrested in Russia—General Old World Intelligence.

Cholera's Grasp in Italy.

BOLOGNA, Sept. 4.—During the past twenty-four hours 130 cases of cholera have occurred at Naples. The epidemic is spreading to the adjacent districts. At La Spezia there are thirty-nine fresh cases and fourteen deaths. The official cholera reports from all parts of Italy show, for the past twenty-four hours, 334 new cases and 135 deaths.

MARSEILLE, Sept. 4.—During the twenty-four hours ended last night there were three deaths here from cholera.

NAPLES, Sept. 4.—From two p.m. Tues day to four p.m. Wednesday there were reported thirteen fresh cases of cholera and thirty-two deaths in this city. The situation is improving. At Noviella during the twelve hours ended at nine a.m. yesterday there were two deaths and four fresh cases.

PARIS, Sept. 4.—At Madras there were twenty-four deaths from cholera on Sunday. Six deaths occurred from the disease at Toulon yesterday, and fourteen in Provençal and suburbs during the twenty-four hours ended Tuesday night. The spread of cholera in Italy has depressed trade on the Vienna bourse. Ten thousand persons have fled from La Spezia. The total number of deaths from cholera in the Department of Pyrenees Orientales since the outbreak of the epidemic is 1,161 hundred. The Marseilles authorities have prohibited the keeping of gray rabbits, go to pigeons, and posted within the limits of the city. This is considered an arbitrary and useless precaution. At La Spezia yesterday two deaths took place from cholera.

WASHINGTON, Sept. 4.—Consul Mason, at Marseilles, has sent the Department of State a report dated the 19th ult. on the cholera at that place. Since the disease broke out the report says, 1,514 persons have died. But for the return of the fugitives in the early part of August, Mr. Mason thinks the mortality might have been stamped out by the middle of September. Mason further says: "Although the fact is not officially announced, it is now learned from authority which seems to be unquestionable, that the cholera which prevailed in Egypt during the summer of 1839 was imported into Marseilles and caused a number of deaths."

HONG KONG, Sept. 4.—The French iron clad iron La Galissonniere arrived Tues day night to protect French merchant ves

sel. The French iron clad iron La Galissonniere arrived Tues day night to protect French merchant ves

sel.

PARIS, Sept. 4.—Admiral Courbet's movements in Chinese waters are kept secret. He is taking a circuitous route to deceive the Chinese. It is reported that he has been ordered to suspend operations on the Chinese littoral, as Ferry is desirous of giving Pekin time to reflect upon the situation. Mean while, our vessels will be sent to the coast of China to prevent the Chinese from capturing the place and cutting off the supply of provisions. The telegraph line from Canton to Tonquin progresses rapidly.

WAKAYA, Sept. 4.—The arrival of the Czar is postponed till September 8. Five hundred more policemen have arrived.

Official circles positively assert that the three Emperors will meet at Skirinie.

SI. PETERSBURG, Sept. 4.—A Russian corvette seized the American schooner Sophia Johnson at Behring's Island, Behring Sea, for illicitly selling rum to the natives.

GENEVA, Sept. 4.—M. Solomons was elected Vice-President of the Red Cross Congress, which convened here Tuesday.

DUBLIN, Sept. 4.—It is reported that General Wolsey has offered Henry M. Stanley a position on his staff. Stanley has asked permission of the King of Bel

gium to accept.

London, Sept. 4.—Much interest is shown here in the part which the Canadian boatmen and Indians are to take in the Gordon relief expedition. Egyptian experts in London declare that it will be simply murder to take men into the Nile region, accustomed as they are to a cool climate and a mean diet. The tropical climate of that region, its burning sun, the scarcity of water, and the use of the lightest food possible, would kill them as frost kills flies.

ST. LOUIS, Sept. 4.—Andrew Jackson, a wealthy resident of Hammond's Station, four miles from Mechanicsville, Stratford County, was found on the railroad yesterday morning with a deep cut on his forehead, and both legs cut out. He lived an hour after being discovered. Before dying he said William Bolan and John Duffy, neighbors, threw him under the train. Bolan's father recently beat Jackson in a lawsuit, and they have been enemies ever since. Young Bolan was arrested at Mechanicsville. He denies the charge. Duffy will be arrested. There is intense excitement at Mechanicsville and vicinity, where the parties are all well known and respected. Opinion varies as to the truth of Jackson's dying statement.

ST. LOUIS, Sept. 4.—The drivers of the South Sixth Street Railway Company struck yesterday. The road recently changed hands, and T. J. Minarty, the new President, altered the system of paying the men from the trip to the hour. Formerly they received 10c cents per trip, now the company proposes to pay two cents per hour, and the men resisted, demanding fifteen cents, which the company refused. Between fifty and sixty drivers are out. The strikers ran two or three cars off the track this morning, and a few of the men were arrested. The business of the road is almost wholly suspended, but the officers of the company think they will be in full operation again to day.

FOUR MEN BADLY INJURED.

SHALIMON, Pa., Sept. 4.—Tuesday evening while six men were blasting a huge piece of iron in the bottom of a stack of the Valley Furnace, a blast of giant powder was prematurely exploded by a spark of fire from a hammer. One man was injured fatally, and four more severely, one of whom died. The following is a list of the injured: William Ayers, terribly mangled about the legs, eyes and body; William Mallory, injured in the eyes and hands; G. Shiverton, burned badly in the face, eyes and arms. All the others were burned, but not seriously. Ayers was the support of his father, mother and seven children.

DOUBBLE FATALITY AT A RAILROAD CROSSING.

MILWAUKEE, Wis., Sept. 4.—Yesterday afternoon, as James Fisher and B. Hubbard of Caldwell's Prairie, were returning to their home from the city their wagon was struck by the locomotive of an out-going train on the Madison Division of the Chicago and Northwestern Road at the Jeffersonville bridge crossing. Hubbard was instantly killed and Fisher so terribly mangled that he died while being brought to the city. Both perished in a moment. Fisher was one of the most prominent sheep breeders in the country. The horses were killed and the wagon entirely demolished.

A FAMILY SPOTTED END IN MURDER.

DENVER, Sept. 4.—After a night's carouse Munro Munro and his wife, living near this city, quarreled Wednesday morning, when the woman, with an ax, split open her husband's head and severed his collar bone, inflicting fatal injuries. The murderer has not been arrested.

CLOSE OF THE SCIENTISTS' MEETING.

MONTREAL, Sept. 4.—The British Science Association had its final meeting yesterday, and adjourned to meet at Aberdeen, Scotland, in 1885.

ENDED IN THEIR SLAUGHTER.

Sanguinary Fight to a Squabble Between Two Negresses.

BAXTER, Ga., Sept. 4.—Two negroes were killed at Alpin distillery six miles from this place, Tuesday night. Dave Lewis and Andy Lewis, brothers, and Ben Lewis were employed to work a turpentine farm above the distillery and arrived near the distillery last Saturday evening. Ben Lewis and Dave got into a row, during which Ben shot at Dave, but missed him, the shot taking effect in Dave's wife, who was standing near the killing bar. Ben immediately left, swearing that he would take Dave's life before he left the country. Tuesday evening Dave heard a noise near his shanty and at once grasped his gun and went out, placing another negro in the door to keep watch. Dave had proceeded but a short distance when two reports of a gun were heard, and he fell shot through the head with buck shot. The gun which he had was not discharged. Wednesday morning Ben was also found dead about seventy-five yards from where Dave fell, having been shot in the breast. A double barrel shotgun was also found in the hands of Ben, one barrel only having been discharged. The supposition is that Ben shot Dave, and that Andy shot Ben. Reward has been offered and search instituted for Andy, but he has not been caught.

TO SHIELD THE CATTLE.

Governor Hamilton of Illinois, Issues a Proclamation.

SPRINGFIELD, Ill., Sept. 4.—Governor Hamilton has issued a proclamation based on the report of Dr. Parson, State Veterinarian, announcing the existence of pleuro-pneumonia among Illinois cattle. He gives a list of places where the disease exists, and prohibits the importation into the state of any domestic animals of the bovine species from those districts. The following is the list: The county of Fairfield, Connecticut, the counties of Putnam, Westchester, New York, Kings and Queens, in New York, the counties of Lehigh, Bucks, Berks, Montgomery, Philadelphia, Delaware, Chester, Lancaster, York, Adams and Cumberland, in Pennsylvania, and all the counties in the States of New Jersey, Delaware, Maryland, the District of Columbia and Miami County, Ohio. No reliable information is received here of the appearance of pleuro-pneumonia in several points in Indiana among short-horned cattle, and several deaths have occurred. Governor Hamilton has opened a correspondence with Governor Porter on the subject.

THE FUNERAL OF THE LATE SENATOR ANTHONY.

PHILADELPHIA, R. L., Sept. 4.—The arrangements for Senator Anthony's funeral, so far as completed, are as follows: The funeral will be held at twelve o'clock Saturday noon, from the First Congregational Church. The entire service will be under direction of Sergeant-at-Arms Cannady of the Senate, and fifteen members of the Senate appointed by Mr. Edmunds, will be in attendance. The Governor has called a special session of the General Assembly to take action relative to filling the vacancy caused by Mr. Anthony's death, and has appointed the following committee to make arrangements for the funeral so far as the State is concerned. From the Senate—Messrs. Wilbur, Barnes and Baker; from the House—Messrs. Jilson, Fay, Pendleton, Woods, Harris and Fahey. The Providence Press Club will hold a special meeting Thursday to take suitable action. In all probability the Infantry and Cavalry of the State brigade of militia will be ordered out to do escort duty.

A DIABOLICAL REVENGE.

TOYO, N. Y., Sept. 4.—Andrew Jackson, a wealthy resident of Hammond's Station, four miles from Mechanicsville, Stratford County, was found on the railroad yesterday morning with a deep cut on his forehead, and both legs cut out. He lived an hour after being discovered. Before dying he said William Bolan and John Duffy, neighbors, threw him under the train. VERMONT has given the republican
party the smallest majority it has had
in that state since the war.

That last caricature by Nast,
showing Butler twisting of the
British lion's head and Blaine per-
forming the same act with his tail is
a good one.

The Jacksonville Journal writes to
say that none of the speakers, in-
cluding Gov. Hamilton, who spoke
at the late republican demonstration
in that city, ever tasted a drop of
spirits liquor while there. It
vants to prove an alibi.

The republican organs continue to
brow mud at the private character of
Gov. Cleveland. They physi-
cally. Not only this, but it echoes
the statements of the great organs,
the New York and Chicago Tribunes,
in slandering leading democrats of
the country. They charge the democ-
racy with defacing a cemetery, and
defacing a tombstone of one of Mr.
Blaine's departed children.

The men who write and publish such
stuff, know that they are publishing
slanders and falsehoods. The Dem-
ocratic Republican knows better, but
the party is in such sore straits that
nothing but a campaign of falsehood
appears to suit them. But often-
times slanders prove too much, and
thus appears to be the case in this
charge on the democracy defacing
the tombstone. It is well known
that Mr. Blaine has been charged
with certain indiscretions in Kan-
sas. The date and manner of his
marriage have been a matter of much
discussion, and the New York Trib-
une and other organs charge the
democracy with chiseling out the "I"
of "1851" from the tombstone of his
dear child in order to make the
tombstone. It is well known
that Mr. Blaine has been charged
with certain indiscretions in Kan-
sas. The date and manner of his
marriage have been a matter of much
discussion, and the New York Trib-
une and other organs charge the
democracy with chiseling out the "I"
of "1851" from the tombstone of his
dear child in order to make the
tombstone. It is well known
that the democrats could not
show any motive for this alleged act,
we have but to turn to a late history
of Mr. Blaine written by Russell H.
Conwell, with a preface by Gov.
Babbie, the present candidate for gov-
ernor of Maine, and the near friend

of Mr. Blaine. On page 68 we find,
in speaking of Miss Stanwood, it says
that in "March, 1851, she became his
(Blaine's) wife at Pittsburgh, Pa." If
the date of the birth "June 18th, 1851"
claimed by the republican
organs on the tombstone is correct,
and the date of the marriage as given
by Mr. Blaine's friendly historian,
"March 1851," is correct, and there is
no reason for doubting either, it is
hard to find any reason why "a
wicked democrat" should skulk
round the graveyard to deface the
tombstone. We think the next time
the republicans charge the democrats
with defacing a graveyard, they
will look up the dates. How is this
Mr. Republican? But we forget
How are you on the license question?

not, however, pass on without in-
viting the fullest measure of honor and
consideration due the self-sacrificing
and disinterested efforts of the men
and women, too, who have labored
amid trials and discouragements to
firmly plant this association in our
midst upon a sure foundation. We
all hope and expect that our city has
entered upon a course of unprece-
dented prosperity and growth. But
to my mind not all the signs about us
point more surely to real greatness
than the event which we here cele-
brate. Good and pure government
lies at the foundation of the wealth
and progress of every community.
As the chief executive of this proud
city, I congratulate all my fellow
citizens that to-day we lay the foun-
dation-stone of an edifice which shall
be a beautiful adornment, and, what
is more important, shall inclose in
its walls such earnest Christian
endeavors as must make easier all
our efforts to administer safely and
honestly a good municipal govern-
ment.

THE STRIKES IN OHIO.

The miners who have struck work
in Ohio will make a mistake if they
commit violence; and we trust they
will not be so far misled. Governor
Hoadly is acting with prudence in
making a full inquiry into the cir-
cumstances which have led to the
troubles, and the miners may trust
him and take his advice, now that he
is on the ground. He is a wise and
clear headed man, and as the repre-
sentative of the authority of the state
he does his duty in promptly going
to the scene of trouble.

The complaint of the strikers is
that the mine owners and operators
have filled their places with newly
imported Italian laborers, who are
ready to work for wages on which
the strikers declare they cannot sup-
port their families. This has been
for several years the course of a great
many highly protected capitalists,
and the striking miners and working-
men everywhere have a right to re-
membrace this fact when they go to
the polls in November. Let them
vote for Cleveland and Hendricks,
and thus help to bring about a change
of parties. They have given the re-
publicans a long trial, and so far as
anybody can see, have gained nothing
by it; for every year brings
strikes, and just now several hun-
dred thousand workmen are out of
employment by no fault of their own.
It is time for a change. —N. Y.
Herald.

The republicans, and particularly
a set of republican preachers and
"better than thou" people of Buffalo,
have been defaming Gov. Cleveland.
They fared badly in their public
journals but continue it secretly by
private letters. In doing this they
refuse their own nests. The same
people in 1882 laid Gov. Cleve-
land and to the skies. On the 6th of
September, of that year, by invitation
of these same people he made an
address at the laying of the corner
stone of the new Y. M. C. A. building
of that city. If he was a proper per-
son to do that there is noth-
ing to show that he is not a moral upright
man now. If they tell the truth of
now, they certainly asked an un-
manly man to make the following address:
"We this day bring into a promi-
nent place an institution which, it
seems to me, can not fail to impress
itself upon our future with the best
results. Perhaps a majority of our
men have heard of the Young
Men's Christian association, and per-
chance the name has suggested, in an
indefinite way, certain efforts to do
good and to aid generally in the
spread of religio-ous teaching. I ven-
ture to say, however, that a comparatively
small part of the community
have really known the full extent of
the work of this association, and
that a large majority of our men
have not even heard of it. By order of
the association, in doing this, they
asked me to make the following address:
"We this day bring into a promi-
nent place an institution which, it

THE CORONER'S INQUEST.

Mrs. Thomas Markowski identified the skeleton found in the Powe's farm Wednesday afternoon, as the Remains of her Husband.

Yesterday morning at eight o'clock Coroner Bandur impanelled a jury, for the purpose of holding an inquest on the skeleton found on the Powe's farm Wednesday afternoon, by William Perdue. The jury was composed of E. W. Anderson, foreman, and B. N. Adams, G. M. Bower, William Newton, H. Plotter and J. C. Wise. The inquest was held at Bullard's undertaking establishment and the only witnesses examined were William Perdue who found the body, and J. B. Bullard who was present when it was placed in a box for removal to this city. What little evidence was introduced revealed nothing more than has already been made known to the public.

Mrs. Thomas Markowski, whose husband disappeared several months ago was summoned to view the body, the supposition being pretty well founded that it was his remains. She came in accompanied by a Poleander and upon examining the body immediately identified it as that of her husband. The pipe that was found on the body was recognized by her as were the boots and hat, and also the blouse on the body. The latter garment had been too short in the sleeves for Markowski and his wife had pieced them out. After the body had been identified the jury brought in a verdict that "Thomas Markowski came to his death by means unknown to them. The body was buried at Greenwood yesterday afternoon. It is generally believed that Markowski committed suicide. Last winter while returning from work, he cut himself in the stomach, and when found by an officer, claimed to have been assaulted. Afterwards while in bed from the effects of his wounds, he took a butcher knife while his wife was absent from the room and reopened them. His attempts to kill himself then and his strange conduct before disappearing causes the belief that he took his own life. It has been three months since he disappeared from home. He was about sixty-five years old.

A Cleveland and Hendricks Family

The following communication is taken from yesterday's Lincoln Times, and explains itself:

LAKE FORK, August 31, '84.

MR. EDITOR: I see in the Bloomington Paragraph a challenge by the Stubblefield family against any other family voting one political way.

They claim forty-two votes for Blaine and Logan. The Gassaway family have forty-three votes all for Cleveland and Hendricks; and furthermore, there is not a republican voter of the name, while yet there are four voters in the state of Indiana, who go the democratic ticket. And the voters of the town of Lake Fork challenge any other township in the state of Illinois to furnish more democratic votes to the same amount of territory. We have about one hundred voters in the township, which comprise about eighteen sections. There are only eleven republican votes in the township, leaving a majority of seventy-eight votes for the democratic ticket. If one or either of the offers can be beaten let us know.

From ONE WHO KNOWS.

MARRIED

Mr. Will Harnsberger and Miss Node Thomas were married last evening at the residence of the bride's parents in this city, by Rev. B. Martin, of Arcola.

The wedding was a quiet, home-like affair, no one being present but the parents and near relatives of the bride and groom. After the ceremony the usual wedding supper was partaken of, and the newly married couple were warmly congratulated. The bride is a quiet, amiable young lady and is highly respected by all who are acquainted with her. The groom is a steady young man of excellent habits and is the junior partner in the law firm of Nelson & Harnsberger. The newly married

couple will commence life in earnest by going immediately to house keeping on West Main street. The Review wishes them all the success and happiness imaginable.

THE PROHIBITIONISTS.

WISCONSIN REPUBLICANS.

Madison, Wis., Sept. 4.—Hon. H. A. Taylor, Chairman of the State Central Committee, called the Republican State Convention to order yesterday morning. Every county was represented, and the presence of General Logan in the city and the Prohibitionists who were passing their claims on the Republicans, attracted many visitors. No temporary organization was effected. Ogen H. Pehera, of Janesville, was elected permanent Chairman, and Paul Blichner, of Milwaukee; S. G. Leland, of Fond du Lac, and A. J. Price, of Jackson County, Secretaries. O. H. Fairchild was made Chairman of the Committee on Resolutions, with one member from each Congressional District. On motion of Judge Humphrey the present State officers were nominated by acclamation and great applause. The ticket is as follows:

Governor, Jeremiah M. Rusk, of Wisconsin; Lieutenant-Governor, Sam J. Field, of Ashland; State Treasurer, Edward C. McFarlane, of Beaver Dam; Attorney-General, Lemuel P. Frey, of Milwaukee; State Auditor, Frank L. Johnson; State Auditor of Accounts, Robert Cramton, of Oconomowoc; Railroad Commissioner, P. J. Hansen, of River Falls; Insurance Commissioner, Philip L. Spoons of Madison.

The nominees were then presented to the convention, and expressed their gratitudo for the nomination, and the convention adjourned without discussion adopted.

On motion of Judge Humphrey the present State officers were nominated by acclamation and great applause. The ticket is as follows:

Governor, Jeremiah J. P. Duncumb, of Webster County; Secretary, A. B. Keith, of Crawford County. On taking the chair Mr. Duncumb reviewed the political situation at length. The Committee on Resolutions presented the platform, which indorses that of the National Convention, and heartily approves the letter of Governor Cleveland, making particular reference to the clause of it which speaks in favor of the personal liberty of the people. The convention pledged itself to work for the repeal of all laws that are contrary to the principle of personal freedom in the matter of habit. Nominations were as follows:

State's Attorney, James Dooly, Kosciusko; Treasurer, George Dorr, Union; Auditor, J. E. Hopkins, Marshalltown; Attorney-General, M. V. Gannon, Scott; Judge of the Supreme Court, W. H. West; State Elector-at-Large, D. O. Finch and Daniel Campbell. The convention then adjourned.

MASSACHUSETTS DEMOCRATS.

WORCESTER, Mass., Sept. 4.—General Convention of the Democratic State Convention to order yesterday morning and congratulated the party on its assurances of success in November. The officers of the State Committee were made the temporary officers of the convention. The usual committees were appointed. Jonas H. Finch was elected permanent Chairman. He addressed the convention at length, and his allusions to Cleveland were heartily cheered. Pending the action of the committees the convention adjourned. On reassembling an informal ballot was ordered, but some one stalled the box and the result was hopeless confusion. The ballot was abandoned, and a formal one ordered. A formal ballot was passed upon the state, and handed their votes to the Secretary. The result was the nomination of William C. Endicott for Governor on the first ballot. The nomination was made unanimous, and the ticket was completed as follows:

Lieutenant Governor, James S. Grinnell; Secretary of State, John C. Conroy; Auditor, J. C. Chapman; Treasurer, March; Auditor, John Hopkins; Attorney-General, John W. Cummings.

The platform congratulates the party on the prospect of the restoration of honest National Government in the election of Cleveland and Hendricks; approves the National platform as the chief contribution of war and correction; abhors demands for taxes in time of war and peace taxes in time of peace; demands the restoration of American shipping and advocates the rights of labor and extended suffrage. The platform was adopted without discussion and the convention then adjourned.

MASSACHUSETTS REPUBLICANS.

BOSTON, Mass., Sept. 4.—The Republican State Convention was called to order yesterday morning by Chairman Logue. Temporary organization was effected by inviting the officers of the Central Committee to act for the convention. The committees were appointed and that permanent organization at once reported Robert M. Morse, Jr., permanent Chairman. Mr. Morse reviewed the records of the political parties, touching especially the civil service, the National Election laws, and the tariff question. Governor George D. Robinson was renominated by acclamation, and the remainder of the ticket was completed as follows:

Lieutenant Governor, Oliver Ames, of Easton; Secretary of State, Henry L. Pierce, Abington; Treasurer, Daniel A. Gleason, Melrose; Auditor, Charles T. Ladd, Springfield; State Elector-at-Large, Mark Hopkins and Thomas Tipton.

The resolutions, which were adopted without debate, recite the achievements of the Republican party; favor a tariff in which reforms and corrections can be made so as to reduce the surplus—and at the same time correct the inequalities; pledge the Republican party to further the interests of the workingman; favor a complete reform of the civil service; oppose political assessments; demand a foreign policy that shall insure general protection of citizens everywhere; advise the restoration of the navy; decree

to go to Wingate's lamp store and buy one of those steam washing machines, if you want to see the dirt rolled off your clothes without any trouble, \$10.00.

Just received the new Cleveland Club Hat, at L. W. Ehman's, at the

farther coining of silver unavoidable, and concur in the action of the Chicago Convention. After addresses by Senator Hearst and General N. B. Banks the convention adjourned.

TEXAS REPUBLICANS.

Houston, Tex., Sept. 4.—The Republican State Convention reassembled yesterday, and the temporary organization was made permanent. The resolutions of the Mitchell County Convention were read favoring fusion and the endorsement of George W. Jones, independent candidate for Governor. A motion to concur in the resolutions led to a test vote, showing 104 ayes and 279 nays. Two reports were presented by the Committee on Resolutions. That of the majority was in favor of fusion; that of the minority demanded a straight Republican ticket and Blaine and Logan electors. An angry debate ensued on motion to substitute a minority report for that of the majority. Great confusion followed, which finally terminated in a recess, after which the struggle was continued. A vote was taken under difficulty, and resulted in 80 to 203 nays. The majority report was adopted by a viva voce vote. It indorses the National Republican platform and urges the correction of the local abuses which have arisen under the Democratic Administration. The convention adjourned in great confusion.

THE ELECTION IN VERMONT.

BURLINGTON, Vt., Sept. 4.—Returns from 204 of the 240 towns in the State give Pingree, Republican, 39,518; Redington, Democratic, 18,639; Greenback, Independent and scattering, 556. Pingree's majority over Redington, 20,879; Pingree's majority over all, 20,322. The remaining towns, four in all, gave the Republicans 44,950 and the Democrats 29,257. The Republican vote has therefore fallen off twelve per cent, and the Democratic ten per cent. The average Republican majority at the last four prior elections was 21,000.

The House of Representatives stands: Republicans, 129; Democrats, 17; Independents, 2; Greenbackers, 3.

Burlington gives Pingree 912 and Redington, 1,023; Redington's majority, 111. This is the first time this city has given a majority for the Democratic State ticket. Hubbard (Dem.) was elected Representative by a majority of 334.

In the First Congressional District, Stewart (Rep.) has 2,911; Simmons (Dem.), 2,691; Kidder (G. B.) and scattering, 113; a Stewart majority of 5,298.

In the Second District, Grout (Rep.) has 13,121; Goddard, 5,244; Cummings (G. B.) and scattering, 113; a Grout majority of 6,763.

BURLINGTON, Vt., Sept. 4.—Warren Gibbs, Chairman of the Republican State Committee, has just sent the following congratulatory dispatch on the Vermont election to Hon. J. G. Blaine:

BURLINGTON, Vt., Sept. 4.—Clement points the way to victory to come in an independent and Republican majority for the state ticket in place of an unscrupulous enemy who conducted a "still hunt" can conducted a "still hunt" can. The trickery of split tickets. We won the glorious victory. The Green Mountain Republicans send greetings in a majority of 20,879 to the friends of Blaine and Logan. The canvass was made on National issues. Vermont substantially indorses the principles of protection and protection to American citizens. (Signed) WAGNER GIBBS.

ST. JOHN WILL STICK.

WAUKESHA, Ill., Sept. 4.—It is understood that Pinkeerton's detectives positively learned of eighteen Aldermen who received bribes in the Broadway railway-franchise steal, and that the man who gave the monies and the man who received it are known. Each Alderman received \$10,000 cash and \$1,000 stock at par. The evidence will be completed to-day and presented to the District Attorney, who will bring the matter before the Grand Jury. Great consternation prevails among the guilty Aldermen, as they had no idea the seal would be investigated. The Anti-Monopoly League is pushing the case.
